Dear Mr. Spillers:

This department has received a complaint concerning surfacing sewage at property under your control at East Sunshine Mobile Home Park in the northwest corner of the property and under the first two mobile homes closest to Sunshine.

A representative of this office investigated the complaint on March 20, 1985 and found it to be justified. Chapter 30, Section 30-11 of the Springfield City Code states that "It shall be unlawful for any person to place, deposit, cause, or permit to be deposited, in any unsanitary manner upon public or private property within the City, any domestic waste, garbage, pollutant, or other objectionable waste."

Therefore, it is the direction of this office that the above facilities be repaired so as to eliminate all surfacing sewer effluent within 21 days of receipt of this notice.

In order to prevent odor, please apply lime immediately to the area where the sewage is surfacing. If you have any questions concerning this matter, or if the City Health Department can be of assistance to you, please contact us at your convenience.

Your cooperation will be appreciated.
